

Entrepreneur's Clinics #2 & #3 + Deal Week

November 2022

ADAP Advisory Entrepreneur's Clinics #2 & #3

Following the success of our inaugural ADAP Advisory Entrepreneur's Clinic last month, we are bringing it back in November with a slightly different format.

Please join us for a **two-part educational webinar featuring 10 exciting companies** in our portfolio who are currently raising capital.

The goal is to explore more "socialization of ideas" with the aim of leaving entrepreneurs feeling encouraged, positive and with fresh ideas and perspectives to reflect on as they embark on the next chapter of their company's journey. And... it is a great chance for YOU to meet virtually with incredible entrepreneurs and support them as they continue to make a positive impact on extreme poverty through their innovative business ventures.

Each entrepreneur will give a brief overview of their company followed by a short Q&A and introductions for follow-up conversations.
